WHOLE-TIME DIRECTOR'S MESSAGE

Dear Shareholders of Weizmann Forex family,

We welcome you to Ebix Group. The acquisition of Weizmann Forex Limited is not just another feather in the company's cap, but is also an indication of Ebix's commitment to expand its India story. We would like to share that for FY19, the total income of the company increased by 19%, YoY to Rs. 9,189 crore, and the net revenue was up 3% YoY to Rs. 221 crore.

Ebix Inc., (NASDAQ: EBIX), with over 50 offices across 6 continents, is an international supplier of on-demand software and e-commerce services to the insurance, financial, healthcare and e-learning industries. Ebix's main focus is to develop and deploy a wide variety of insurance and reinsurance exchanges on an on-demand basis, as also, providing Software-as-a-Service ("SaaS") enterprise solutions. With a 'Phygital' strategy combining 320,000 physical distribution outlets and an Omni-channel online digital platform, the Company's.

The acquisition of Weizmann Forex not only provides economies of scale but also broadens our target audience by tapping into the existing market. Today, the EBIXCASH financial exchange portfolio leads in domestic & international money remittance, foreign exchange (forex), travel, pre-paid & gift cards, utility payments, lending, wealth management and more. EBIXCASH's airport foreign exchange business operates from 90 counters across 30 international airports and from over 145+ branches, conducting a total of \$4.8 billion in gross transaction value per year and its inward remittance business of approx. \$5 billion gross annual remittance confirm its undisputed leadership position in India.

EBIXCASH, through its travel portfolio of Via and Mercury, is also one of Southeast Asia's leading travel exchanges with over 2,200 employees, 212,450+ agent network 25 branches and over 9,800 corporate clients; processing an estimated \$2.5 billion in gross merchandise value per year. EBIXCASH's technology services division encompasses leadership in lending technology, asset & wealth management technology, travel technology besides having grown its international expanse to Europe, Middle East, Africa and ASEAN countries.

With this current acquisition, the company's vision is to scale up, explore new opportunities and new markets. The company believes in building strong partnership networks, the strengths of which enable delivery of seamless product experiences, pioneering of innovative products and services, all this and more, ahead of the competition. The company endeavors to build the immemorial edifice of the Ebix group by leaps and bounds, to newer heights, breaking its own records and setting new benchmarks. To the members of Weizmann family, we value your beliefs and the expertise that you bring along. We look forward to leveraging the strengths of the individual entities and ensure another year of great work by offering not just a diverse bouquet but also an enhanced portfolio of travel, foreign exchange and financial solutions to our clients. The company is poised to sustain its leadership along with profitability and positive influence for all stakeholders.

I take this opportunity to appreciate and acknowledge the members of the Board and the Management for their invaluable insights, and the dedicated employees in their contribution towards creating industry benchmarks and building the brand to where it stands today. I would like to thank all the stakeholders for their continued support in achieving this feat for the company, which I am confident of, is only going to gain pace in the years to come.

With best wishes,

Guruprasad T. Chandrashekar
Whole-Time Director

8. PERFORMANCE

The Company continues to focus in strengthening its core businesses of Money Changing and Money Transfer as one of the foremost RBI approved Principal Agents of overseas money transfer entities. The Company has over 61,000 network locations and has tie up with all the leading overseas money

transfer players like Western Union, Money Gram, Ria Financial Services, UAE Exchange and Transfast

During the year under review, there has been a change in control and management of the company with Ebix Group acquiring the entire stake of 74.84% from Weizmann Group Promoters. Ebix is a multinational entity having presence in all the continents and listed in NASDAQ. Ebix Group is predominantly into supply of on-demand software and e-commerce solutions to the insurance, financial, and healthcare industries. Ebix operates data exchanges in the areas of finance, travel, life insurance, annuities, employee health benefits, risk management, workers compensation, insurance underwriting. Ebix financial and travel exchanges currently operate primarily in India and certain ASEAN countries. Ebix Group has acquired a number of money transfer businesses and money changing businesses apart from travel and software related entities in India in the last couple of years and expects through proper restructuring and reorganizing a perfect economies of scale. The Company now has the privilege of international expertise to further its interests as well as strengthen its existing network.

With India continuing to hold the numerouno position as recipient of funds from its diaspora at an estimated figure of USD 9 Billion in 2018 as per World Bank Report, the money transfer business is expected to grow steadily.

During the year under review your Company has incurred a loss before tax of Rs. 18.35 Crore as against the previous year's profit of Rs. 52.10 Cr.

The above performance was mainly due to the provisions made for the following as at March 31st 2019.

- a) Rs. 2,812.30 lakhs towards provision for estimated claims. The Company, under the new management has made a provision for the unexpired claw back period under the contract with a Money Transfer Overseas Principal, that may have to be paid to them, for not retaining a minimum number of business locations, for the unexpired period of the contract with them.
- b) Rs. 1,998.39 lakhs towards provision for Expected Credit Loss (ECL) on Trade receivables as per Ind AS 109.
- c) Rs. 366.37 lakhs towards write-off of ERP Software acquired and customised for operations under the erstwhile management, post-acquisition, the software has lost its relevance, in the opinion of the new management.

In its Money Changing Division activity the turnover increased by 19.78 % - Rs. 9,061.14 Crore in the current year as against Rs. 7,564.66Crore in the previous year, coupled with better margins & Improved Inventory and Cash Management, have contributed to activity's bottom line.

In Money Transfer business activity the income decreased by 25.33 % to Rs. 76.28 Crore in the current year as against Rs. 102.16 Crore in the previous year. The reduction is primarily due to rising geopolitical tensions in select countries which had impacted on the de-growth of remittance flows.

Both the core activities of the company are regulated by Reserve Bank of India and the Company constantly upgrades its systems and procedures to comply with the extant guidelines of regulatory body as providing continuous training to employees, strengthening its internal control and internal audit system not only helps in compliance but also contributing to the bottom line.

The Company has exited from wind energy business by divesting its Investment in wind farms in Tamil Nadu and Maharashtra aggregating to 7.2 MW, which was contributing less to the profitability.

9. SUBSIDIARY / ASSOCIATE / JOINT VENTURE COMPANIES

The Company does not have any subsidiary Company.

Brahmanvel Energy Ltd., Khandesh Energy Projects Ltd. and Weizmann Corporate Services Ltd. were the Associates of the Company and ceased to be associates on September 17, 2018, the date on which the investments in these Companies were sold. The investment in Batot Hydro power Ltd. was sold on February 4, 2019, till which date it was an associate.

Horizon Remit SDN, BHD, Malaysia being a Joint Venture of the Company in the past does not continue to be the Joint Venture of the Company on account of change in control.

In accordance with Section 136 of the Companies Act, 2013 read with Rule 10 of The Companies (Accounts) Rules, 2014, a Company may forward statement of accounts containing the salient features in the prescribed form and simultaneously ensure that copies of the financial statements including consolidated financial statements along with Auditors Report, Directors Report and other documents that is required to be attached are annexed with the financial statements and made available for inspection at the registered office of the company, during working hours for a minimum period of 21 days prior to the meeting of the shareholders. FORM MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,

Weizmann Forex Limited
214, Empire House, Dr. D.N. Road,
Ent. A.K Nayak Marg, Fort,
Mumbai - 400001

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Weizmann Forex Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the **Weizmann Forex Limited** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on **31st March, 2019**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **Weizmann Forex Limited** ("the Company") for the financial year ended on **31st March, 2019** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- (vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992; The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and w.e.f. 10th November, 2018, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 : **Not applicable as the Company has not issued any securities during the financial year under review;**
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; - **Not applicable as the Company has not issued any Employee Stock Option Scheme and Employee Stock Purchase Scheme.**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008: **Not applicable as the Company has not issued any debt securities during the financial year under review;**

- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; - **Not applicable as the Company is not registered as Registrar to an issue and Share Transfer Agent during the financial year under review;**
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; -Not applicable as the Company has **not delisted its equity shares from any Stock Exchange during the financial year under review;**
- (h) The Securities and Exchange Board of India (Issue and Listing of Non- Convertible and Redeemable Preference Shares) Regulations, 2013: **Not applicable as the Company has not issued any such securities during the financial year under review.**
- (i) Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 and w.e.f. 11th September, 2018, Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (vii) We have also examined the compliances of the provisions of the following other laws applicable specifically to the company wherein we have also relied on the compliance certificates issued by the head of the respective departments in addition to the checks carried out by us:
- The Electricity Act, 2003
- We have also examined compliance with the applicable clauses of the following:
- Secretarial Standards issued by The Institute of Company Secretaries of India.
 - The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Based on our examination as per Regulation 40(9) SEBI of Listing Obligations and Disclosure Requirements) Regulations, 2015 for half year ended on March 2019, the following observation were made:

- Some Share Certificates relating to the Share Transfer Deeds received during the period from **October 01, 2018 to March 31, 2019** as entered in the Memorandum of Transfers has not been issued within 30 days from respective date of lodgment of each deed except those rejected on technical grounds.
- Share Certificate in respect of request for exchange of duplicate certificates have not been issued within 30 days of lodgment.

The reason for delay as provided by RTA **M/s. Bigshare Services Pvt. Ltd.** is reproduced as follows: *“Due to spurt in the volumes of Transfers and Demat requests due to change in the SEBI regulations (Like change in the LODR banning physical transfers w.e.f. 5th Dec 2018 which was subsequently extended till 31st March 2019), All Transfer agents could not process the requests on time. This is a common issue with all the RTA's for FY 2018-19 and Bigshare is no exception.”*

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the company, its officers, agents and its authorized representatives during the conduct of Secretarial Audit we hereby report that in our opinion during the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above

- The Company has transferred the shares whose dividends were unpaid/unclaimed into the IEPF Account for the Year 2010-11 in January, 2019.

We further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

BUSINESS REVIEW

GENERAL ECONOMY OUTLOOK

Global growth is expected to remain at 3.0 per cent in 2019 and 2020, however, the steady pace of expansion in the global economy masks an increase in downside risks that could potentially exacerbate development challenges in many parts of the world, according to the World Economic Situation and Prospects 2019. Developed countries like US, European nations have been reflecting a declining domestic demand. This has brushed off on the emerging market economies too like China, Russia, Brazil and South Africa.

Indian Economic momentum is expected to remain steady this fiscal year, which started in April. Purely based on evaluation of economy, RBI expects a GDP growth of about 7.2%. RBI themselves have predicted several uncertainties clouding the inflation outlook. Sustained growth depends on greater political stability post the general elections and Government of the day must increase public spending for development of infrastructure and balanced policies both from the angle of industry as well as welfare of the people.

COMPANY BUSINESS

During the year under review, there has been a change in control and management of the company with Ebix Group acquiring the entire stake of 74.84% from Weizmann Group Promoters. Ebix is a multinational entity having presence in all the continents and listed in NASDAQ. Ebix Group is predominantly into supply of on-demand software and e-commerce solutions to the insurance, financial, and healthcare industries. Ebix operates data exchanges in the areas of finance, travel, life insurance, annuities, employee health benefits, risk management, workers compensation, insurance underwriting. Ebix financial and travel exchanges currently operate primarily in India and certain ASEAN countries. Ebix Group has acquired a number of money transfer businesses and money changing businesses apart from travel and software related entities in India in the last couple of years and expects through proper restructuring and reorganizing a perfect economies of scale. The Company now has the privilege of international expertise to further its interests as well as strengthen its existing network.

The Company continues to focus in strengthening its core businesses of Money Changing and Money Transfer. The company has over 60,000 network locations and has tie up with all the leading overseas money transfer players like Western Union, MoneyGram, Ria Financial Services, UAE Exchange and Transfast.

OUTLOOK, OPPORTUNITIES AND THREATS

Induction of Directors with International expertise on the Company's Board, coupled with the growth estimates of 7.3% for the Indian economy the overall business outlook is quite encouraging

In 2018 as per the World Travel & Tourism Economic Report, the global Travel & Tourism sector grew at 3.9% to contribute a record \$8.8 trillion and 319 million jobs in the world economy. The UN World Tourism Organisation (UNWTO) predicts that India will account for 50 million outbound tourists by 2020. Operators say that at present around 25 million tourists from India travel abroad — this basically implies that the number would double from current levels within the next two years. Around a decade back, eight million Indians were travelling overseas. The average spending by Indian outbound travellers on short-haul trips is about \$ 857 per trip per person, and long-haul trips is about \$ 1,687.

India retained its top spot in remittances with \$ 79 bn in 2018 as per World Bank Report

India is followed by China (\$ 67 billion), Mexico and the Philippines (\$ 34 billion each) and Egypt (\$ 29 billion). Global remittances grew by 8.8 percent to \$ 689 in 2018.

The Company's wide network reach across India, built up over the years helps to increase its business prospects in the remittance business.

The Company has exited from wind energy business by divesting its Investment in wind farms in Tamil Nadu and Maharashtra aggregating to 7.2 MW, which was contributing less to the profitability.

India being the most sought after destination for Global Investor community and the Government of India's initiative of MAKE IN INDIA, has to translate into good business prospects for the Company.

However, the comparative slower growth globally as compared to Asian Countries coupled with the challenges faced through the advancement of the world digital economy and block chain technologies gaining acceptance world over, will affect the Company's business to certain extent.

The Company's Management does not foresee any immediate threat to its core business activities. However, its efforts are being channelized to seize the newer methodologies to counter the challenges faced from the newer technologies being introduced in its line of Business.

RISKS AND CONCERNS

Company has laid down a detailed risk management policy, customer identification and acceptance procedure. Credit procedure envisaged by the Company's credit policy ensures identification of the operational and business risk while entering into any transactions with the prospective customers. The financial risks involved are evaluated through a well laid down procedure. However, all the inherent business risks are adequately insured by the Company.

Exchange rate volatility faced is not only faced by the Company but is attuned to the forex industry globally. To mitigate the said risks Company closely monitors the exchange rate movement and hedges its liability on this account in the Forwards Forex market.

The inward remittances due to the Company in its Money Transfer business acts a natural hedge for its Money Exchange business.

The company's business is also subjected to a regulatory framework established by RBI & FIU, which calls for periodical reporting to guard the inherent risks associated with the Money Exchange & Money Transfer business activities.

Hence, there is a regulatory control also in addition to the self control on the operations of the Company warrants continuous upgrading of its controls systems to mitigate different forms of risks.

INTERNAL CONTROL SYSTEM

The Company has already put in place an elaborate Internal Control and Internal Audit systems. The system ensures adequate periodical checks and balances are exercised.

Continuous monitoring by the Internal Audit team of these checks and balances due to the inherent risks associated with the nature of Company's activities, ensures compliance of the regulatory framework of RBI & FIU.

The Audit team is suitably guided and updated by the Audit Committee of the various regulatory requirements from time to time.

The Company has put in place a strict credit policy for extending credit to its corporate customers. The same is continuously monitored and reviewed periodically for any updations to ensure funds at Company's disposal are being judiciously utilised and efficiently managed vis a vis the business requirements.

The Management Discussion and Analysis explaining the objectives of the Company, the opportunities and threats, the outlook for the future, the risks and concerns have to be read with the meaning of relevant applicable laws and regulations. The actual performance may differ materially from those explained herein above. As in any other business the performance of the Company is totally dependent on the market conditions of demand and supply, the volatility in exchange rate, the Government policy & regulations, the economy of the country and other factors.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES

Your Company being part of the Banking and Financial Services sector, human resources has always been the main pillar for all the activities of the Company. Customer Satisfaction being the ultimate objective of the Company, to ensure sustained business growth. Company's focus have been to improve the staff's contribution towards the various services offered. To achieve this objective Company has ensured that all its employees receive continuous update on the Company's policies as well as the regulatory framework, by conducting continuous programs for learning and development on functional and behavioural training.

* Ratios excluding the Impact of one time provision of expected claims on the contract with MTSO & expected credit loss on receivables amounting to Rs. 48.11 Cr.

Explanations for variance more than 25%

- The Debt-Equity ratio has increased because during the year under consideration equity shares were bought back, for which the price over and above the face value was paid from the Company's reserves. Further, on the sale of Investments in Associate Companies, the Fair value of the same which was credited to Reserves in the previous years as per IND AS valuation method through Other Comprehensive income was reversed.
- The operating costs for the new Airport counters acquired and started during the year under consideration was more as compared to the revenue generated from them, which has contributed towards the reduction in Operating Profit margin.
- The decrease in the operating margin for the new Airport counters acquired during the year have resulted in the reduction of Net Profit Margin also.

INDEPENDENT AUDITOR'S REPORT To the Members of Weizmann Forex Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Weizmann Forex Limited (the 'Company'), which comprise the Balance Sheet as at 31st March, 2019, and the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Valuation of deferred tax assets

The Company's assessment of the valuation of deferred tax assets, resulting from temporary differences, is significant to our audit as the calculations are complex and depend on sensitive and judgmental assumptions. These include, amongst others, long-term future profitability, compliance of Income tax Act, 1961 and the Income Tax Rules, 1962 framed there under and new developments. Hence, it is considered as a Key Audit Matter.

The Company's disclosures concerning deferred taxes are included in Note 2.14 to the standalone financial statements.

Audit Procedures

Our procedures included, among others, procedures on the completeness and accuracy of the deferred tax assets recognised.

We assessed the applicable provisions of the aforesaid Act and the Rules framed thereunder and

developments, in particular, those related to changes in the statutory income tax rate, since, this is a key assumption underlying the valuation of the deferred tax assets.

In addition, we also focused on the adequacy of the Company's disclosures on deferred tax assets and assumptions used.

2. Discontinued Operations of Wind Power business

During the year 2018-19, the Company announced their plans to hive-off the Wind Power business and proceeded with the separation through the sale of Wind Power. Management concluded that the Wind Power business will be reported in accordance with Ind AS 105, Non-Current Assets Held for Sale and Discontinued Operations' in the standalone financial statements.

The application of the aforesaid Ind AS 105 is significant to our audit because the assessment of the classification of assets and liabilities of the discontinued business is complex, the transaction and its accounting is non-routine and involves significant management judgements. As a result of these conclusions, there are conditions around the recovery of the assets sold-off and presentation of the assets and liabilities of the discontinued business in the standalone financial statements and disclosure notes and the identification of income and expenses allocated to the Wind Power business. Hence, it is considered as a Key Audit Matter.

Audit Procedures

Our audit procedures included, among others, an evaluation of the Company's conclusions on the classification of the assets and liabilities and evaluation of the results of the operations of the Wind Power business as discontinued operations.

The audit procedures further included evaluating the valuation of trade receivables and trade payables of Wind Power business. Accordingly, we performed subsequent procedures to confirm the collection / recoverability of trade receivables and to confirm the payment of the trade payables.

In addition, we evaluated the presentation of the results of the Wind Power business as discontinued operations, the allocated income and expenses including assumptions and estimates made with regard to the allocation and reversal of depreciation and amortisation on the Wind Power assets.

Our audit procedures did not result in any material variations.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have

performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore, the key audit matters. We describe these matters in our auditor's report, and unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matter

We draw attention to the following matters:

- (a) Note 2.13 to the standalone financial statements, with regard to provision for estimated claims amounting to Rs. 2,812.30 lakh, wherein the Company under the new management anticipates reduction in the Money Transfer Locations, consequent to which payment of compensation to the Money Transfer agency may have to be made. Accordingly, an estimated provision has been made;
- (b) Note 2.5 to the standalone financial statements, with regard to the provision for Expected Credit Losses amounting to Rs. 1,998.39 lakh; and
- (c) Note 2.1 to the standalone financial statements, with regard to the cost of ERP Software amounting to Rs. 366.37 lakh written-off, since, the new management is of the opinion that the said software has lost its relevance.

financial statements - (Refer Note 2.35 to the standalone financial statements);

- (2) the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- (3) there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) of our report of even date)

Report on the Internal Financial Controls under Section 143(3)(l) of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **Weizmann Forex Limited** (the 'Company') as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the 'Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS : 2018-19

1 Company Overview and Significant Accounting Policies

1.0 Corporate Information

Weizmann Forex Limited (the 'Company'), is a public company domiciled in India and was incorporated on 9th October, 1985 under the provision of the Companies Act, 1956 applicable in India. It's shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange (BSE). The registered office of the Company is located at Empire House, 214, D. N. Road, Fort, Mumbai-400001.

1.1 Basis of Preparation

a. Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting standards) Rules, 2015 as amended.

b. Historical Cost Convention

The financial statements have been prepared on Historical Cost basis except for-

1. Certain financial assets and liabilities measured at fair value
2. Investment in Equity (Excluding Investment in Associates)
3. Defined benefit plans- plan assets measured at fair value and the present value of the defined benefit obligations as per actuarial valuation.

c. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- i. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;
- ii. Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- iii. Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

d. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division II of Schedule III to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 *Statement of Cash flows*. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Ind AS and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Functional Currency

These financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Act. Per share data are presented in Indian Rupees to two decimals places.

e. Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within twelve months after the reporting date; or
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within twelve months after the reporting date; or
- iv. the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counter party, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/liabilities are classified as non-current. Based on the nature of the products and services, the Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-current classification of assets and liabilities.

f. Key estimates and assumptions

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the (i) balance sheet and (ii) statement of profit and loss. The actual amounts realised may differ from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Estimates and assumptions are required in particular for:

i. Determination of the estimated useful lives of tangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

ii. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

iii. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax base, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax

credits could be utilized.

iv. Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

1.2 Property, Plant and Equipment

Property, plant and equipment (PPE) are stated at the cost of acquisition including incidental costs related to acquisition and installation less accumulated depreciation and impairment loss, if any. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses necessary for it to be capable of operating in the manner intended by management.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Property Plant and Equipment are depreciated based on the revised remaining useful life of the assets as per the requirement of Schedule II to the Act.

1.3 Intangible Assets

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "intangible assets under development"

Intangible assets are amortised over their estimated useful life as under:

- | | |
|-----------------------------|------------|
| (a) Goodwill | - 10 years |
| (b) Licenses and franchises | - 10 years |
| (c) Computer software | - 3 years |
| (d) Computer software (ERP) | - 10 years |

1.4 Investments

(a) Non-current investments are carried at cost, after providing for any diminution in value, to recognise a decline other than temporary in nature.

(b) Current investments are carried at lower of cost and fair value.

The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

The Company measures its investment in Equity instrument (other than Associates) at its Fair Value as defined under Ind AS109, *Financial Instruments*.

1.5 Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine:

- the provision for impairment loss, if any; and
- the reversal of impairment loss recognised in previous periods, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- in the case of an individual asset, at the higher of net selling price and the value in use; and
- in the case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.
(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

1.6 Inventories

Foreign currencies - notes and paid documents on hand are valued at lower of Average Cost and Inter Bank Rate as on the last day of the financial year for each currency.

1.7 Cash and Cash Equivalents

- Cash comprises cash on hand and demand deposits with banks.
- Cash equivalents are short-term, highly liquid investment that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.8 Taxation

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961, and based on the expected outcome of assessments / appeals, is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss.

1.9 Asset held for Sale

Assets held for sale as required to be disclosed in accordance with Ind AS 105, *Non-Current Assets held for Sale and Discontinued Operations*, are measured at lower of its carrying amount and fair value less cost to sell;

1.10 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be

confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financials Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

Initial Recognition-

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at Amortised Cost- A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVTOCI)-

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit and Loss (FVTPL)-

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Derecognition of financial assets-A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (i) the Company has transferred substantially all the risks and rewards of the asset, or
 - (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

Ind AS 109 requires Expected Credit Losses (ECL) to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instruments.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of it trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

b. Financial Liabilities and Equity Instruments

Classification as debt or equity

An instrument issued by a company is classified as either financial liability or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Initial Recognition-

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement-

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition of Financial Liabilities-

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

1.12 Revenue Recognition

Effective April 1, 2018, the Company has applied Ind AS 115, *Revenue from Contracts with Customers* which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 *Revenue* and Ind AS 11 *Construction Contracts* ('Not applicable to the Company').

Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for services to a customer.

The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018) in equity. The comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18. Refer note 1.11 – Significant accounting policies – Revenue recognition in the Annual report of the Company for the year ended March 31, 2018, for the revenue recognition policy as per Ind AS 18.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- (a) Sales of foreign currencies/encashed traveller's cheques is recognised when the delivery is completed and invoice raised.
- (b) Income on money transfer is recognised when the payment is made to beneficiaries of remittance.
- (c) Commission is recognised on sale of currency/encashed traveller's cheques.

- (d) Other operational income represents income earned from activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.
- (e) Interest income on deposits, securities and loans is recognised at the agreed rate on time proportion basis.
- (f) Income from sale of power is recognised on the basis of meter reading recorded and confirmed by the Electricity Board Authorities upto the last months meter reading of the financial year.
- (g) Income from sale of entitlements from wind power projects are accounted for as and when sold.

1.13 Employee Benefits

(a) Short term employee benefits

All Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences and bonus are recognised in the period in which the employee renders this related services.

(b) Post-employment benefits

(1) Defined contribution plans : Company's contribution paid/ payable during the year to Provident fund, and ESIC are recognised in Statement of Profit and Loss during the period in which the employee renders the related service.

(2) Defined benefit plans : Company has covered its gratuity liability with Life Insurance Corporation of India (LIC). Any amount payable to the employees in the year of separation in excess of amount received from LIC is charged to Statement of Profit and Loss. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income."

(c) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the balance sheet date. Company provides for Leave Encashment Liability on Privilege Leave, Sick Leave and Casual Leaves.

1.14 Foreign Currency Transactions

Purchases and sales of foreign currencies and traveller's cheques are accounted at the contracted rates. Other transactions in foreign currencies are initially recognised at the rate at which the transaction is entered into. On settlement of such transactions the profit/loss arising from exchange differences is recognised in the Statement of profit and loss. Receipts of foreign exchange in money transfer are accounted on the prevalent bank conversion rate or forward contract rate as the case may be and the profit / loss arising from exchange differences is recognised in the Statement of profit and loss. Assets and liabilities denominated in foreign currencies are restated at the rates prevailing at the year end / forward contract rate, as the case may be. The profit / loss so determined are also recognised in the Statement of Profit and Loss.

1.15 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit or loss in the financial statements.

The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Company. Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

1.16 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as an operating lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

1.17 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.18 Recent accounting pronouncements

Ministry of Corporate Affairs has notified on 30th March, 2019 with respect to the following and made effective from 1st April, 2019:

i) Ind AS 116, Leases:

This Standard replaces the existing leases Standard, Ind AS 17, *Leases* and related interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract, i.e., the lessee and the lessor. Further this Standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Presently, operating lease expenses are charged to the Statement of profit and loss. The Standard contains enhanced disclosure requirements for lessees and substantially carries forward the lessor accounting requirements in Ind AS 17.

ii) Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments:

This amendments is to be applied while performing the determination of taxable profit (or loss), tax base, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

iii) Amendment to Ind AS 12, Income Taxes:

The amendments to the Guidance in Ind AS 12, *Income Taxes*, is in connection with accounting for dividend distribution taxes. This clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

iv) Amendment to Ind AS 19 – plan amendment, curtailment or settlement:

The amendments to Ind AS 19, *Employee Benefits*, is in connection with accounting for plan amendments, curtailments and settlements.

Effective date for application of the aforesaid amendments is annual period beginning on or after 1st April, 2019. The Company is currently evaluating the effect of these amendments on the financial statements.

Note-

- Remittance in transit relates to amount remitted by Money Transfer Overseas Principal pertaining to International Money Transfer (IMT) Business on reporting date. The remittance is normally received in the Domestic Bank Account on T+1 day basis, however, to the extent of the intermittent holidays, the remittance is delayed. Since the amount is remitted on reporting date, the same is reduced from Trade Receivables and disclosed under Cash and Cash Equivalents. [Note no. 2.6(a)]
- In determining the allowances for credit losses of trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS : 2018 - 19

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Risks associated with defined benefit plan

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

iv. **Liquidity Risk Management**

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Given the need to fund diverse businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines to meet obligations when due.

v. **Credit Risk Management**

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as at different reporting periods.

INDEPENDENT AUDITOR'S REPORT

To the Members of Weizmann Forex Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Weizmann Forex Limited (the 'Company') and its associates, which comprise the Consolidated Balance Sheet as at 31st March, 2019, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its associates, as at 31st March, 2019, and of consolidated loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Valuation of deferred tax assets

The Company's assessment of the valuation of deferred tax assets, resulting from temporary differences, is significant to our audit as the calculations are complex and depend on sensitive and judgmental assumptions. These include,

amongst others, long-term future profitability, compliance of Income tax Act, 1961 and Income Tax Rules, 1962 framed there under and new developments. Hence, it is considered as a Key Audit Matter.

The Company's disclosures concerning deferred taxes are included in Note 2.14 to the consolidated financial statements.

Audit Procedures

Our procedures included, among others, procedures on the completeness and accuracy of the deferred tax assets recognised.

We assessed the applicable provisions of aforesaid Act and Rules framed thereunder and developments, in particular, those related to changes in the statutory income tax rate, since, this is a key assumption underlying the valuation of the deferred tax assets.

In addition, we also focused on the adequacy of the Company's disclosures on deferred tax assets and assumptions used.

2. Discontinued Operations of Wind Power business

During the year 2018-19, the Company announced their plans to hive-off the Wind Power business and proceeded with the separation through the sale of Wind Power. Management concluded that the Wind Power business will be reported in accordance with Ind AS 105, Non-Current Assets Held for Sale and Discontinued Operations in the consolidate financial statements.

The application of the aforesaid Ind AS 105 is significant to our audit because the assessment of the classification of assets and liabilities of the discontinued business is complex, the transaction and its accounting is non-routine and involves significant management judgements. As a result of these conclusions, there are conditions around the recovery of the assets sold-off and presentation of the assets and liabilities of the discontinued business in the consolidate financial statements and disclosure notes and the identification of income and expenses allocated to the Wind Power business. Hence, it is considered as a Key Audit Matter.

Audit Procedures

Our audit procedures included, among others, an evaluation of the Company's conclusions on the classification of the assets and liabilities and evaluation of the results of the operations of the Wind Power business as discontinued operations.

The audit procedures further included evaluating the valuation of trade receivables and trade payables of Wind Power business. Accordingly, we performed subsequent procedures to confirm the collection / recoverability of trade receivables and to confirm the payment of the trade payables.

In addition, we evaluated the presentation of the results of the Wind Power business as discontinued operations, the allocated income and expenses including assumptions and estimates made with regard to the allocation and reversal of depreciation and amortisation on the Wind Power assets.

Our audit procedures did not result in any material variations.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statement in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The Board of Directors of the Company and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and of its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and

are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the Board of Directors of the Company and its associates are responsible for assessing the ability of the Company and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company and of its associates are responsible for overseeing the financial reporting process of the Company and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and

the operating effectiveness of such controls;

- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates to cease to continue as a going concern; and
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Company included in the consolidated financial statement of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the

consolidated financial statements of the current year and are therefore, the key audit matters. We describe these matters in our auditor's report, unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matter

We draw attention to the following matters:

- (a) Note 2.13 to the consolidated financial statements, with regard to provision for estimated claims amounting to Rs. 2,812.30 lakh, wherein the Company under the new management anticipates reduction in the Money Transfer Locations, consequent to which payment of compensation to the Money Transfer agency may have to be made. Accordingly, an estimated provision has been made;
- (b) Note 2.5 to the consolidated financial statements, with regard to the provision for Expected Credit Losses amounting to Rs. 1,998.39 lakh; and
- (c) Note 2.1 to the consolidated financial statements, with regard to the cost of ERP Software amounting to RS. 366.37 lakh written-off, since, the new management is of the opinion that the said software has lost its relevance.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors;
- (c) the Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;

- (e) On the basis of the written representations received from the directors of the Company as on 31st March, 2019 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate companies incorporated in India, none of the directors of the Company and its associates is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and its associate companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in Annexure 'A';
- (g) with respect to the other matters to be included in the Auditors Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors is in accordance with the provisions of Section 197 of the Act; and
- (h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (1) the Consolidated financial statement has disclosed the impact of pending litigations on consolidated financial position of the Company and its associate companies incorporated in India - (Refer Note 2.35 to the consolidated financial statements);
 - (2) the Company did not have any material foreseeable losses on the long-term contracts including derivative contracts; and
 - (3) there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its associate companies incorporated in India.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) of our report of even date)

Report on the Internal Financial Controls under Section 143(3)(i) of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Weizmann Forex Limited (the 'Company') as of 31st March, 2019 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Director of the Company and of its associates are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the 'Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the

assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its associate companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system

over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS : 2018-19

1 Company Overview and Significant Accounting Policies

1.0 Corporate Information

Weizmann Forex Limited (the 'Company'), is a public company domiciled in India and was incorporated on 9th October, 1985 under the provision of the Companies Act, 1956 applicable in India. It's shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange (BSE). The registered office of the Company is located at Empire House, 214, D. N. Road, Fort, Mumbai - 400001.

1.1 Basis of Preparation

a. Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting standards) Rules, 2015, as amended.

b. Historical Cost Convention

The financial statements have been prepared on Historical Cost basis except for-

1. Certain financial assets and liabilities measured at fair value
2. Investment in Equity (Excluding Investment in Associates)
3. Defined benefit plans- plan assets measured at fair value and the present value of the defined benefit obligations as per actuarial valuation.

c. Basis of Consolidation

The Consolidated financial statements are prepared in accordance with the principles and procedures for the preparation and presentation of consolidated financial statements as laid down under Indian Accounting Standard (Ind AS), as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Act read with the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements of Associate used in the consolidation are drawn up to the date of cessation of relationship as an associate company.

Investment in Associates has been accounted under the Equity Method as per Ind AS 28, *Investments in Associates and Joint Ventures*.

d. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;
- b. Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- c. Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

e. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division II of Schedule III to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 *Statement of Cash flows*. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the Ind AS and the

SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Functional Currency

These financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Act. Per share data are presented in Indian Rupees to two decimals places.

f. Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within twelve months after the reporting date; or
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within twelve months after the reporting date; or
- iv. the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current. Based on the nature of the products and services, the Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-current classification of assets and liabilities.

g. Key estimates and assumptions

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the (i) balance sheet and (ii) statement of profit and loss. The actual amounts realised may differ from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

h. Estimates and assumptions are required in particular for:

i. Determination of the estimated useful lives of tangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II to the Act. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

ii. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates

and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

iii. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

iv. Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

1.2 Property, Plant and Equipment

Property, plant and equipment (PPE) are stated at the cost of acquisition including incidental costs related to acquisition and installation less accumulated depreciation and impairment loss, if any. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses necessary for it to be capable of operating in the manner intended by management.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Property Plant and Equipment are depreciated based on the revised remaining useful life of the assets as per the requirement of Schedule II to the Act.

1.3 Intangible Assets

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "intangible assets under development"

Intangible assets are amortised over their estimated useful life as under:

- | | |
|-----------------------------|------------|
| (a) Goodwill | - 10 years |
| (b) Licenses and franchises | - 10 years |
| (c) Computer software | - 3 years |
| (d) Computer software (ERP) | - 10 years |

1.4 Investments

(a) Non-current investments are carried at cost, after providing for any diminution in value, to recognise a decline other than temporary in nature.

(b) Current investments are carried at lower of cost and fair value.

The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

1.5 Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine :

- the provision for impairment loss, if any ; and
- the reversal of impairment loss recognised in previous periods, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined :

- in the case of an individual asset, at the higher of net selling price and the value in use; and
- in the case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

1.6 Inventories

Foreign currencies - notes and paid documents on hand are valued at lower of Average Cost and Inter Bank Rate as on the last day of the financial year for each currency.

1.7 Cash and Cash Equivalents

(a) Cash comprises cash on hand and demand deposits with banks.

(b) Cash equivalents are short-term, highly liquid investment that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.8 Taxation

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961, and based on the expected outcome of assessments / appeals, is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss.

1.9 Asset held for sale

Assets held for sale as required to be disclosed in accordance with Ind AS 105, *Non-Current Assets held for Sale and Discontinued Operations*, are measured at lower of its carrying amount and fair value less cost to sell;

1.10 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is

probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- a) estimated amount of contracts remaining to be executed on capital account and not provided for;
- b) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financials Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

Initial Recognition-

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortised Cost- A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVTOCI)- A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit and Loss (FVTPL)- A financial asset which is not classified in any of the above categories are measured at FVTPL.

Derecognition of financial assets- A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (i) the Company has transferred substantially all the risks and rewards of the asset, or
 - (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

Ind AS 109 requires Expected Credit Losses (ECL) to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss

experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

b. Financial Liabilities and Equity Instruments

Classification as debt or equity

An instrument issued by a company is classified as either financial liability or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Initial Recognition-

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement-

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition of Financial Liabilities-

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

1.12 Revenue Recognition

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 *Revenue* and Ind AS 11 *Construction Contracts* ('Not applicable to the Company').

Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for services to a customer.

The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18. Refer note 1.11 – Significant accounting policies – Revenue recognition in the Annual report of the Company for the year ended March 31, 2019, for the revenue recognition policy as per Ind AS 18.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- (a) Sales of foreign currencies/encashed traveller's cheques is recognised when the delivery is completed and invoice raised.
- (b) Income on money transfer is recognised when the payment is made to beneficiaries of remittance.

- (c) Commission is recognised on sale of currency/encashed traveller's cheques.
- (d) Other operational income represents income earned from activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.
- (e) Interest income on deposits, securities and loans is recognised at the agreed rate on time proportion basis.
- (f) Income from sale of power is recognised on the basis of meter reading recorded and confirmed by the Electricity Board Authorities upto the last months meter reading of the financial year.
- (g) Income from sale of entitlements from wind power projects are accounted for as and when sold.

1.13 Employee Benefits

(a) Short term employee benefits

All Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences and bonus are recognised in the period in which the employee renders this related services.

(b) Post-employment benefits

(1) Defined contribution plans : Company's contribution paid/payable during the year to Provident fund, and ESIC are recognised in Statement of Profit and Loss during the period in which the employee renders the related service.

(2) Defined benefit plans : Company has covered its gratuity liability with Life Insurance Corporation of India (LIC). Any amount payable to the employees in the year of separation in excess of amount received from LIC is charged to Statement of Profit and Loss. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

(c) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the balance sheet date. Company provides for Leave Encashment Liability on Privilege Leave, Sick Leave and Casual Leaves.

1.14 Foreign Currency Transactions

Purchases and sales of foreign currencies and traveller's cheques are accounted at the contracted rates. Other transactions in foreign currencies are initially recognised at the rate at which the transaction is entered into. On settlement of such transactions the profit/loss arising from exchange differences is recognised in the Statement of profit and loss. Receipts of foreign exchange in money transfer are accounted on the prevalent bank conversion rate or forward contract rate as the case may be and the profit / loss arising from exchange differences is recognised in the Statement of profit and loss. Assets and liabilities denominated in foreign currencies are restated at the rates prevailing at the year end / forward contract rate, as the case may be. The profit / loss so determined are also recognised in the Statement of Profit and Loss.

1.15 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit or loss in the financial statements.

The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Company. Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

1.16 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as an operating lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

1.17 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.18 Recent accounting pronouncements

Ministry Corporate affairs has notified on 30th March, 2019 with respect to the following and made effective from 1st April, 2019.

i) Ind AS 116, Leases:

This Standard replaces the existing leases Standard, Ind AS 17, *Leases* and related interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract, i.e., the lessee and the lessor. Further this Standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Presently, operating lease expenses are charged to the Statement of profit and loss. The Standard contains enhanced disclosure requirements for lessees and substantially carries forward the lessor accounting requirements in Ind AS 17.

ii) Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments:

This amendments is to be applied while performing the determination of taxable profit (or loss), tax base, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

iii) Amendment to Ind AS 12, Income Taxes:

The amendments to the Guidance in Ind AS 12, *Income Taxes*, is in connection with accounting for dividend distribution taxes. Further, this clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

iv) Amendment to Ind AS 19 – plan amendment, curtailment or settlement:

The amendments to Ind AS 19, *Employee Benefits*, is in connection with accounting for plan amendments, curtailments and settlements.

Effective date for application of the aforesaid amendments is annual period beginning on or after 1st April, 2019. The Company is currently evaluating the effect of these amendments on the financial statements.

Note-

- a. Remittance in transit relates to amount remitted by Money Transfer Overseas Principal pertaining to International Money Transfer (IMT) Business on reporting date. The remittance is normally received in the Domestic Bank Account on T+1 day basis, however, to the extent of the intermittent holidays, the remittance is delayed. Since the amount is remitted on reporting date, the same is reduced from Trade Receivables and disclosed under Cash and Cash Equivalents. [Note no. 2.6(a)]
- b. In determining the allowances for credit losses of trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix.

Change in Rate of Employee Turnover (Delta Effect of +1%)	8.02	10.53
Change in Rate of Employee Turnover (Delta Effect of -1%)	(9.11)	(11.96)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Risks associated with defined benefit plan

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

- iv. **Liquidity Risk Management**

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Given the need to fund diverse businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines to meet obligations when due.

- v. **Credit Risk Management**

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as at different reporting periods.
